JSON

JavaScript Object Notation

```
$ . ajax(
```

```
);
```

```
$ .ajax({
```

```
});
```

```
$.ajax({  
  url:      ,  
  success:  
  
});
```

```
$.ajax({  
  url: "http://...",  
  success: function(data) {  
    // Do something  
  }  
});
```

```
$.ajax({  
  url: "http://...",  
  success: function(data) {  
    // Do something  
  }  
});
```

Callback

`$.get`

```
$.get("https://...", function(data) {  
    // Do something  
});
```
